Katherine is a prophetic evangelist who challenges people to draw near to God so that they can fulfill their purpose and begin to share the love God has shown to them. Katherine's passion is to see the manifest Glory of God change lives, healing people and setting them free as the truth of God's love and greatness is revealed. Katherine is also very committed to seeing believers equipped to go forth and do the works of Christ in their world and to see the Glory of His kingdom manifested on earth as it is in heaven.

Coming from a background of childhood abuse and difficult circumstances, Katherine's inspiring testimony of God's power to heal body, soul and spirit has led to many people being healed and set free. Her first album, Faithful, is filled with songs relating to God's goodness.

As well as her itinerant ministry which often takes her overseas, Katherine also heads up a city-wide, ['Glory Gathering'](#), where believers meet to worship, hear the word and wait on the Lord. It has been during these meetings that God has been doing some wonderful miracles in peoples' bodies and touching peoples' lives with the baptism of the Holy Spirit. It is Katherine's desire to see believers equipped to go forth and do the works of Christ in their world.
